

## Bedside Stories: Confessions of a Junior Doctor

For two years, Michael Foxton wrote about his experiences as a junior doctor in the NHS for the Guardian. Vivid, hilarious, and often alarming, his book has gone on to find a cult following among doctors and patients alike. His observations illuminate the quirks, horrors, and delights of all aspects of doctoring, from casualty to the psychiatric ward. Foxton tells us what it really feels like to be on call 24 hours a day, seven days a week, and introduces us to a mixed cast of patient that includes the rude, the violent, and the outrageously flirtatious. *Bedside Stories* has become a comic classic.
