

One Last Mission (Josef and Blair Series Book 6)

This is a short story that will have to hold you until Book 6 in the Josef and Blair Series is finished. I am writing and finishing up several series right now, and have a very full plate, but due to recent emails wondering what my characters were up to, I needed to send Blair on what I hope is One Last Mission. I hope this will tide you over until Book 6 is released. And, please, please, PLEASE, leave a Sister a Review! I know you all are reading, as sales are brisk, but few take the time to leave me a review, it automatically comes up at books end, I cant cite an email, which you all send with your queries, suggestions and lately, admonishments about leaving you hanging! Blair is an Ex Agent for a Government Team of Wet Work soldiers, called Shadow. You can read all about her exploits in Books 1-5, which are on Amazon.com. I recently released Sleeping Lizards - Book 1: Somnolent Chameleon at Amazon.com, and in my zeal to tell the story, painted my lead character into a corner. I need Blair to extricate her from the mess I put her in, hence, here is the bridge between the two Series. Now, to read this you will need a bit of back story. In the second book in the Josef and Blair Series, Between Love and Hate - Book 2: Reich in the Middle, Blair goes to the Middle East on a mission, where her team is assisted by a Government Sanctioned Assassin, Marianas. I will bring him into this story, as his skill set, and that of the other three Trenchees will be very necessary for the adversary they will face, who is none other than Sleepy, the antagonist in the Sleeping Lizards - Book 1: Somnolent Chameleon story. The difficulty in bringing these two books together, is that the Josef and Blair Series is a Spy Thriller with a lot of romance mixed in, and the Series involving Sleepy is a Sci-Fi Thriller. Just know, that the character Marianas, with his fellow assassins Tonga, Kermadec and Philippine,

are all steeped in mysticism and their exploits in the intelligence community are legendary for a reason. This is plainly shown throughout the Josef and Blair Series, and this story is going to be the first real start of the explanation of who and what they truly are. Please note, Book 1 is an introduction to the characters, and you will need to remember them as you move forward, there are a lot of them, but I write really tight storylines, bear with me, there is a method to my madness! Sleeping Lizards - Book 1: Somnolent Chameleon is now available exclusively at Amazon.com. Book 2 in the series, Modern Day Samurai - Book 2: Bushido, will be the second in that planned 13 Book Series, and will move us to the next directive, which will be centered in Japan. Amazon 5 Star Review by Reader, C. Jackson, 11/19/2014 I love these books the story tells how Josef and Blair have grown closer together. Amazon 5 Star Review by Reader, Anonymous, 10.25/2014 Need more like this particular series made available! Amazon 4 Star Review by Reader, SQ - Angel With A Broken Wing, 6/1/2014 You must read the entire Blair and Josef saga and this was supposed to keep us satisfied until the next and final edition is delivered to us. It just made me reread the 5 previous books. I love this series, the intrigue, the love, the forgiveness the family dynamics made it worth every minute. Amazon 5 Star Review by Reader, Anonymous, 5/7/2014 Love the stories about Blair and Josef. they are funny and in love. the closeness with their family and the twins wins hands down. can wait for book 6 Amazon 5 Star Review by Reader Loren Branch, 3/18/2014 Much deserved 5 stars! Well written is an understatement. Great characters and drama. Not much of a reader but this one kept my attention! Amazon 5 Star Review Excerpt from Reader, Zagery D. Collins, 3/17/14 As the drama developed I truly enjoyed the diversity of De La Rosa with the Spanish Language inserted, which was well done & characteristic of the Spanish Culture.
