

# Cyberlaw and E-Commerce Regulation: An Entrepreneurial Approach

The text is suitable for any Cyberlaw course, but its approach is unique in the market because the text and cases are centered on entrepreneurship. It covers not only the fundamentals of cyber law and e-commerce regulation in a global business context, but also the impact of the law on the technology sector firm itself. It may also fit into an entrepreneurs course or the MBA market. For cyberlaw courses that are not aimed at entrepreneurs, this books life cycle organization teaches the law in terms of the life of a business.
