

Legendary Locals of Norco

From its beginning as a poultry powerhouse to World War II Navy town and to Horse Town USA, Norco has been known over time as a community of go-getters and dreamers with unparalleled volunteerism, stubbornly protecting a rural way of life. Founder Rex Clark wished for families to be self-sustaining with what they could grow and raise on their property; wounded Marine Johnny Winterholler, against incredible odds, led the way for other disabled veterans as the star of the famed wheelchair basketball team the Rolling Devils; and Tamara Ivie fulfilled her impossible dream to play professional baseball. And regular folks, known once as Acres of Neighbors, stepped up to create a city of elbow room, stopping cold, big-money developers wishing to cut the community into small lots. Today, Norco is an equestrian paradise with trails on most streets and plentiful open space. For decades, this small community has produced activists, ballplayers, college presidents, physicians, actors, cowboys, and lots of Norconians who give back to the community that raised them.
