

Microsoft Office Access 2013: A Skills Approach, Complete

MicrosoftAA Office 2013: A Skills Approach provides a truly unique approach to learning Office skills with by isolating skills for customised learning. Created from the learning side from SIMnet Online, McGraw-Hills online training and assessment program, this textbook has 1:1 content with SIMnet. As a result, students have access to specific, isolated skills which creates the customized learning and makes Office 2013: A Skills Approach the most flexible book on the market. Additionally, the books approach uses consolidated instruction with fewer steps to explain each skill, resulting in easier learning for todays students!
