

## On the Job: A Black Warrior in Blue

This is a shocking, behind-the-scenes look at the New York City Police Department. It is the story of one mans struggle to survive bigotry, with the added burden of the Internal Affairs monkey on his back. Read how this black cop was able to overcome the forces that were arrayed against him: the powerful union, vengeful bosses, fellow police officers and even many of his own black comrades. He battled these inside demons, while still engaging the dangerous criminals of New York City.
