

Hawk Flies Above: Journey to the Heart of the Sandhills

As seen through the eyes of dreaming child--and the experienced eyes of a wounded woman who returns home to heal herself--Hawk Flies Above offers a natural history of a place and a soul set on the rolling prairie dunes of Nebraska. After years of aimless travel and heavy drinking, a violent event sends Lisa Norton careening toward a home where she could recover herself, understand her family, and bear witness to a fragile, threatened land.
