

## Doctor Fa and the Dorics: A Novelized Comedy Stage Play.

2014 AD. Dr. Fa, the first female Time Lord, her assistants and a human-Alien hybrid are in the TARVES en route back to the planet St. Skyrus, to find her sunglasses that she thinks she left there four thousand years ago, in the future. Plus she may have left her Visa card, and the Seventh Key of Time. Unknown to most of its inhabitants, Aberdeen is about to become the exact centre of the expanding Universe for an instant. At that instant, former Time Lord and Dr. Fa nemesis, The Master Baker, plans to shrink the Universe and put it in a bottle. Another Dr. Fa nemesis, Stavros (creator of the warmongering semi-robotic Dorics), has an eerily similar plan. At the same instant he intends to create a Wormhole under St. Machars Cathedral, by which he will transport the Dorics to Earth and interbreed them with humanity. Can Dr. Fa, her assistants, three naive local loons, the Reverend Deverend Vale, and a half-Doric / half-northeast GP save the Universe, and Aberdeen as well?
