# Photoshop 7 Type Effects (Power!)

Through 20 stunning, full-color artistic projects and clear step-by-step explanations of how to complete them, this book teaches the professional designer the advanced type effect techniques of Photoshop 7. Readers learn how to use Photoshop to apply a variety of different effects to text such as swirl style, water drop type and 3-D blocks as well as how to use text effects in various mediums, including Web images and posters. All original artwork and source files are included on the accompanying CD-ROM.
