

The Premiers Joey and Frank: Greed, Power, and Lust

The Premiers Joey and Frank is three stories in one. First is Premier Joseph Roberts Smallwoods, whose ego and force of personality dominated every room he walked into, and strained to the breaking point every personal relationship he had. The latter half of the book covers Premier Frank Moores and his mixed personal motives, combined with a singularity of political purpose: Get Smallwood. Entwined in both these stories is that of Bill Rowe's own roller-coaster political life, where family and partisan politics were often inseparable. This is a riveting, entertaining, and often hilarious account of three men who aimed high, Icarus-like, and who earned three very different places in the history of this province.
