

Lo, These Many Years

Myrna Moya isn't your average has-been movie star. She takes life by the pants and wrings the last bit of juice from the stones. She has always lived life on her own terms with no apologies. And she finally paid the ultimate price of death. Her husband, house staff, and friends all had motives, but Myrna had the last laugh all the way from the grave. Power, fame, money, lust, drugs, debauchery, everything. She had it all, and lost the game of life in the process. Was it worth it? You bet it was!!
